

Global Paint For Charity

Happy New Year's Eve, my friend!

As you prepare to make a tax-deductible donation before the end of the year to the causes that matter most, we hope you will consider supporting Global Paint for Charity. Your online donation made before midnight today, December 31st, gives hope to needy individuals and families in 40 countries around the world, and targeted communities right here at home in the United States!

While 90% of startups and new businesses fail within the first year, 100% of Global Paint for Charity's activities are still in operation today. Supporters like you enable your continued support of our mission.

Any donation, big or small, helps ensure that our doors stay open.

Here's what your gift can do.

\$1 will process and package 1 gallon of paint.

\$10 help ship 1 - 5-gallon container of paint to a Developing Country.

\$100 provides a paint kit for a home.

\$5000 will renovate an entire school or orphanage in a developing country.
